Where Eagles Soar!

And Turkeys trot

Volume 21, Issue 1
January 2016

From The President

Greetings Eagle Members,

Another year. This months meeting will be Tuesday January 19th. It will be at the Lawrence Twp. Community Center. We will discuss our annual events: the Mall show, the Fun Fly, and any Field issues.

I'm sure the FAA requirements will be discussed as well, so be prepared for possible fireworks.

I hope everyone had a great holiday season. The weather has been strange this year, we've just had our first winter blast and now it's warming back up.

Well, this is a short article (thankfully) as there is not much else to report.

I hope to see all members at our first meeting of the year.

Scott

From Your Editor

Hi Fellow Eagles,

And a new year of RC Eagles fun and frolic begins. With the crazy swings in temperature we've been having its kind of difficult to predict when flying weather will arrive so this year it would be smart to keep your planes charged and ready to go at a moments notice.

The AMA has recommended holding off on registering with the FAA because they are working to allow us to use our AMA numbers and registration instead. Keep your ears open but if the deadline draws near and we don't have that alternative, then register before the \$5 fee goes into effect.

The FAA, like every other branch of the federal government has used the 9/11 attacks to implement draconian rules and laws intended to protect us from ourselves. The most dangerous weapon in the world today is a politician or a bureaucrat with a loaded pen!

The club treasury is in pretty good shape so there isn't much chance we are going to have to raise the dues this year. If things change you will hear it here first.

Keep em' Flying!!

Kraig
