September, 2014

From The President

Greetings Eagle Members,

I wish to start the newsletter recognizing Jim Rickenbrode. Jim has retired from R/C flying and donated his modeling supplies etc. to the club. Thanks Jim.

Also thanks to Bob Cash for selling the items at various swap shops, contests, and by advertisements. Money was donated at our last meeting.

Weather has been spotty, but I have gotten some flying in on a couple of nice days. I hope we have a decent end of the season run of weather.

We talked about a solar powered charging station, be sure to come to hear Kraig and Justin's report.

The countywide Landfill's open house is September 24 the from 11 to 2 P.M. That's a Wednesday. Please let me know at the meeting who will be able to participate. I will be there.

We will have sub sandwiches from somewhere to end our out door meetings. The weather looks great, be sure to come out, but bring a jacket or sweater just in case.

See you at the meeting.

Scott

From Your Editor

Hi Fellow Eagles,

I finally made a foray out to the field last weekend and was really impressed with how great the field looks. Jim has really done a great job of taking care of the upkeep this year despite his health problems. Three cheers and a pat on the back for Jimmy!

I was also pleasantly surprised to find a number of fliers at the field. We had a great day of flying with great weather and great people. Justin brought some co-workers down and we need this kind of thing if the club is to grow. Using a buddy box each visitor had a turn on the sticks and we may pick up a new member or two. If you have a neighbor who is interested in the hobby, a visit to the field and a turn at the sticks can work wonders.

Hopefully I can get some flying in this fall now that things are settling down from a really trying series of events this summer.

Keep em' Flying!!

Kraig
